

# All Star Financial Commitment 2019/2020 (Tentative)

## Explanation of costs associated with competing in All Star Cheer

**\*Tuition cost-** This is a monthly cost that covers the training of your athlete. The tuition for the first and last month of the season will be pro-rated based on the start and finish date. Tuition includes team practices and team tumbling.

**\*July Tuition-** July 15-19, 2019, we will have a Technique Camp at the Cheer 360 gym. This is mandatory for all team members. Students will attend 2-3 days during this week. This camp will focus on proper cheer techniques for jumps, stunts, tumbling, and dance motions. Cost of camp is \$60 per day, and will be charged July 1st.

**\*Team Financial Commitment-** This is the cost associated with competition. These are fees Cheer 360 pays on your athlete's behalf in order for your athlete to compete. A break down of these costs are explained further below. Families will be responsible for these fees even if your athlete leaves the Cheer 360 program before the end of the season.

**\*Annual Registration-** There is a \$75 annual registration fee for every athlete.
